

Chapter 217 Design Criteria Stakeholder Group Meeting Summary

All information presented in this document is a compilation of TCEQ staff notes and is not a transcript of the meeting; inadvertent errors and/or unintentional omissions of information may exist in this document. Any information cited should be verified by the user.

The Chapter 217 Design Criteria Stakeholder Group met on November 1, 2011 to discuss the final proposed revisions of the rule. TCEQ staff discussed the proposed revisions and Docket No. 2011-1164-RUL. The petition was filed to amend 30 TAC Sections 217.55 and 217.60 to provide design criteria to rehabilitate existing manholes, lift stations and other wastewater treatment plant structures Project No. 2011-049-PET-NR.

The floor was open to stakeholder input on the proposed petition rule revisions for manholes and lift stations.
